Herrington Country Park Activity

Chester Road, Sunderland, UK, DH4 7EL

Use the park map (and a compass, if you have one) to find five locations and answer the questions below. You should be able to find the answers easily if you are observant at each spot.

1. 'Lions' Seat

- Stand at the seat and face due south – you will see a wooden post. How many arrows are on the post and what colour are they?
- How many bottom shaped dents are there on the seat?

2. 'Sun' Seat

- Face Penshaw Monument – what are carved in stone at the right hand end of the seat?

3. John's Rock

- There are some square steel plates attached to the side of the rock – how many are there and what do they show?

4. Site Lines

- How far away is Durham Cathedral and in which direction is it?
- How far away is Penshaw Monument and in which direction is it?

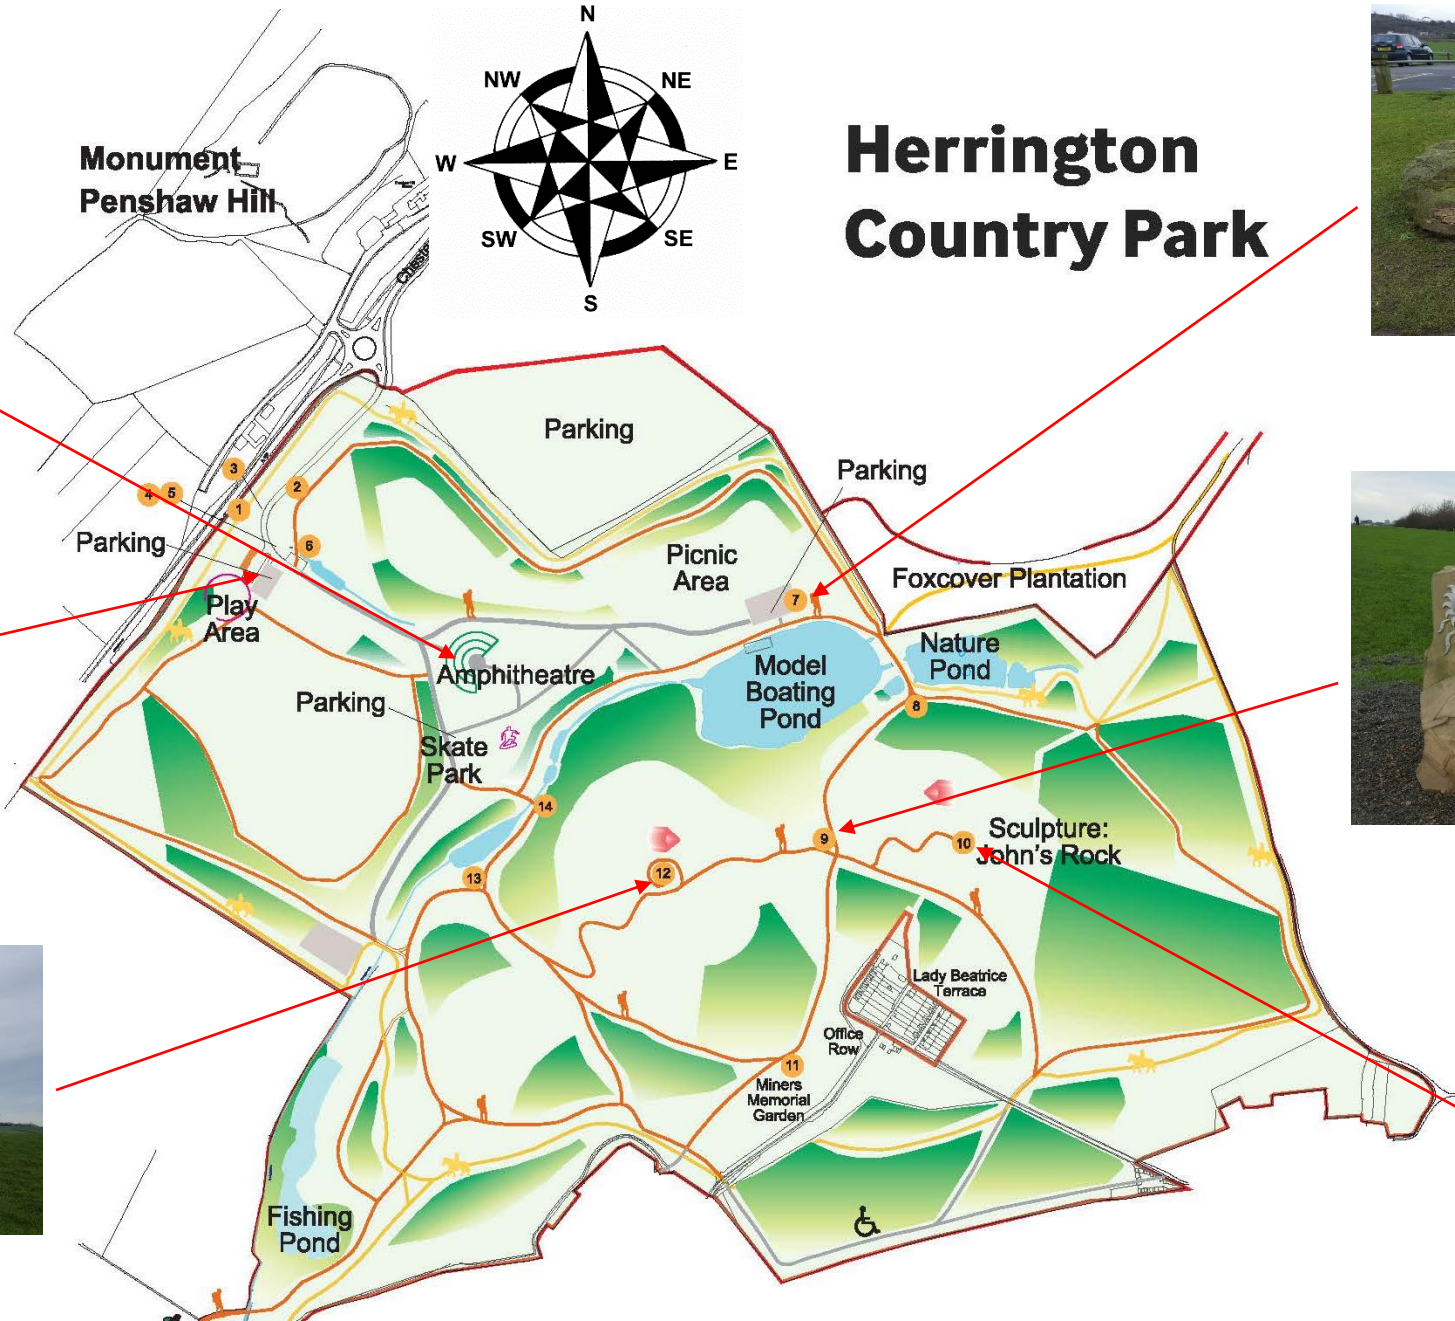

5. Amphitheatre

- Find the northern side of the amphitheatre – how many steps are there from the bottom to the top?
